

## FAST FACTS

Five studies since 2006 all say the same thing: “**Obsolete Design, Dangerous and Unsafe...**”, “not compliant with life safety codes, IL Energy Code, IL-DIC, PREA, ADA...”, “**A NEW JAIL IS NEEDED...**”

Jail is over-crowded and an average of 8-10 inmates are being sent out of county for housing. New building will **save \$110,000 annually** of out-of-county housing and transportation

Renovation of the County owned former Bureau County Republican building with a new jail addition will save **\$3.3 million dollars** versus building new construction

The project is cost-effective - we will only **build what is needed and required for today**, but will **plan for the future** for potential expansion.

 **VOTE**  
**NOVEMBER 6th**

**POLLS OPEN 6AM TO 7PM**

**EARLY VOTING AVAILABLE** starting  
OCTOBER 22nd through November 2nd -  
Monday through Friday
